OREGON

RHEUMATIC CURE

HISTORY. This Remedy is composed of the active principle of the Unk Weed, Eng.—Thaspium Cordatum Originis, Lat.—Indigenous to Oregon. Grows most abundantly and perfectly in Washington Co.

PROPERTIES, Etc.

It contains an ACTIVE VOLATILE Principle, extracted by Ether, and a bitter TONIO Principle, soluble in Alcohol.

Medical Properties and Uses. It is the most sure and speedy cure for Rheumatism, Rheumatic Gout and Rheumatic Pains of all kinds that was ever introduced in the Materia Medica. THE UNK WEEL REMEDY, as prepared by us, in consequence of the existing bitter principle, possesses the necessary virtue of being a

POWERFUL TONIC,

Promoting the Appetite and Invigorating the whole Digestive Apparatus, thus Building up and Strengthening the system, while at the same time the volatile principle, being absorbed in the blood, acts specifically on the Rheumatic Poison, removing it from the cirulation and system. There are a few remedies known to the

Medical Profession which will remove the theumatic Poison from the blood, but whose ction is so powerful in depressing the sysem of the already enfecbled Rieumatic tient, that their use has to be ahandoned before specific effects are obtainable, hence the want of success in treating this prevalent, and in consequence heretofore incurable disease. Unlike these Medicines, already known, the

UNK WEED REMEDY

hough producing as powerful and as active ffects on the bleed and system in removing the Rheultatic Poison, also possesses strong Tonic and recuperating element which dmits of its continued use even by the most Delicate and debilitated. Thus we have the combination for the first time of these Two accounts for its Superior and neve

Raids and Indomnities. The conduct of bon. members of the Legislative Assembly in voting the sum of six toward five hundred dollars and an increase of mileage from fifteen to twenty-five cents, out of the public treasury and into their own pockets, has given occasion for comments not of the most complimentary character on the pert of those not within the charmed eircle that constitues the "legislative wisdom" of the Province. Within the past few years we have heard a great deal on the subject of "raids" of one description or another, particularly in the Eastern sec ion of the Dominion of which this Province now forms a part. It has there cost the Government a vast sum of money to repel the repeated raids of the patriotic vagahonds from Uncle Sam's territor, who sought to redress the wrongs of Old Ireland by invading Canadian hon-ropats and plundering the banks of what hard cash they might be so fortunate as to find within their vaults. We believe the hen-roosts did suffer directly from the attacks of the "liberators," while the Government exchequer. felt the influence of their attentions indirectly in the defensive preparations necessary to drive them back from Canadian soil. Recent developments in the conduct of municipal affairs in the city of New York show that the money-box of THE that great commercial metropolis has been systematically "raided" by that illustrious organization known as the

Tammany Ring," and some \$20,000.00 transferred from the municipal chest o the pockets of the sachems who had the custody of the keys and were supposed to look after the interests of the of six years. They, like our own legislature, acted upon the principle that "the laborer is worthy of his hire"; and if they were less scrupulous in New York than in Victoria, it was probably because they had a larger chest to operate upon and were more experienced in the work of self-appropriation. Siveral times within a year or two past this community has been thrown into a state of excitement and trepidation owing to rumors set affinat that the Fenians were preparing to visit us to make a raid upon the back rand relieve us of our cash. Had they come they would have been shown a thing or two they might not have calculated to see. With commencable forces on the see of the see. With commencable forces on the see of the see. After all, it is not seen a difficult matter for people to protect themselves against raids from dangerous customers to deal with, inasmuch pantey are within easy reach of the of jet they desire to attain, and the better prepared to take by surprise those who may be interested in defeating their schemes for plunder. Had the citizers of Victoria, for instance, been apprised that a body of twenty-four individuals had conspired on a given day to make a raid upon the Treasury office at James Bay with a view to plundering it, there would not have been the slightest difficulty in defeating the attempt, had they been fool-hardy enough to make it-and ten charces to one, every man of them would have been caught and their services utilized by the Go-crament in mending the public ways if not their owa. Experience, however, teaches the lesson that there is a least one me thod of making a rai upon the public treasury in which the police are power-less to interfere and the public can only

Now that they are in a position to prove the sincerity of their economical protesta-tions, a sudden change has come o'er the spirit of their dreams—their eyes having rested upon the money-bags in the Provincial treasury, conscience at once suc-cumbed to cupidity, and the people's money that should be spent on works of public utility is transferred to the pockets of honorable members for their own private use and benefit. It is but the fatte that the vote of the House to increase members' allowance from \$5 to \$10 or \$12 50 per day was not a unanimous vote, or even sanctioned by a majority of gentlemen on the ministerial benches. Nor were gentlemen from the upper country apparently more decifous of those representing constituencies on this island. Out of the twenty-four members are present, but four or five were possersed of sufficient self-denial to with stand the timp tation of doubling their pay when the opp of tunity was presented for them to do so. It had been stated that J. W. Moore's claim, in respect to constructing a trail, had not been duly considered by the Government. The good faith of the Government is involved, and he hoped there would be no difficulty in getting the returns asked for. COUNTY GOURT PERS.

Mr. Beaven moved to ask the Hon. Attorney steps have been taken to reduce the Court Fees payable in the Supreme and County Courts? and, if so, what are the reductions

Hon. Attorney General replied that negotiations are now being made with the Judges of the Supreme and County Courts, on the of the caprene and County Courts, on the subject; no arrangement has yet been definitely made, but there was no doubt that they would be reduced the English scale of fees, and be made uniform throughout the Province. He forther lated in reply to Mr Beaven, that the English scale was very reasonable.

Mr. Robson would second the 3d reading for the 23d, He hoped the Government would field to a reasonable proposition. On the other hand it would leave the door open for speculation. He referred to a consignment of agricultural implements now on the way, and which would be

materially affected in price should the third

reading be passed to-day.

Mr. Armstrong warmly and eloquently stated that he was astonished at the remarks of the man who, only a few days since, shouted at the top of his voice that the Goverament of this Province was paying \$370 a
day to the Government of the Dominion, and
now he wanted the bill postponed, because a friend of tris (Mr. Robson's) wants protection. [Hear, hear] He (Mr. Robson) urged the doption with his most profound efforts, and saked these who had been opposed, now to agree to the postponement of the third reading to the 23d, and what f r, o accommodate a mercanic friend. (Mr. Robon) doing trying to ruin the farmer? I'll sell out," said that armer, "my place to-day for \$1,200 less than when we had the British Columbia Tariff." Mr Armstrong hoped the House would place that man (Mr. Robson) in a position they had placed others, -that was, to vote him down

Mr. Robern explained his alleged inconsistency. He never advocated the snap application of the Canadian Tariff. Mr. Armstrong also explained.
